About This Software

Show is a productivity tool built around the science of spatial thinking! We envision what it would be like to take a thought out of your head and hold it in your hand. To Think in 3D.

Brainstorm more effectively by capturing the details of your ideas with our Spatial Thinking tools.

Organize your information and ideas with nestable worlds, called Bubbles.

Pitch your ideas by visualizing them in an interactive spatial format.

Remember more by forming spatial memories of your information.

Increase creativity by mapping and organizing ideas.

Draw in 3D space.

Screenshot all of your work in VR.

Save and Load your brainstorm, roadmaps, presentations, and more.

Import images, .PDFs, and .OBJ files.
