Captain Sim C-130 Pro v1.1 - Game description: The game is a re-make of the original Captain Sim of the Gulf War era. The game starts with a mission to rescue your pilot who crashed on an oil rig. As you fight and fly missions, you will be able to earn money to buy upgrades for your plane. With great graphics and gameplay. You are one of the world's best pilots and a veteran of the Gulf War. When your pilot, Sergeant Randy McNair, crashes into an oil rig on the Gulf, you are assigned to bring him home. Get airborne in the C-130 H-model, the game's most powerful military transport and support aircraft. You'll have to use your wits and flying skills to keep yourself and the plane out of trouble. Use the arrow keys or mouse to control the aircraft. Flying and hijacking missions are fun and challenging. You'll face a variety of deadly military aircraft, as well as the odd off-road obstacle. The game has a wide selection of single and multi-player modes to choose from. There is also a war mode, designed to be fun for all ages.
